Pearson Level 3 Certificate in Assessing Vocational Achievement

Assessing Vocational Achievement qualification is intended for those who assess vocational skills, knowledge and understanding in environments other than the work environment (for example a workshop, classroom or other training environment). It includes the following assessment methods: Assessments of the learner in simulated environments, Skills tests, oral and written questions, assignments, projects, case studies and recognizing prior learning.

This Vocational level consists of the following 3 Unit:

Unit 1: Understanding the principles and practices of assessment D/601/5313

Unit 2:Assess Occupational Competence in the Work Environment H/601/5314

Unit 3: Assess vocational skills, knowledge and understanding F/601/5319

Please note: Unit 1 will give you comprehensive understanding of assessment however if you wish to achieve full Assessor qualification (Assessor status) you need to do unit 1 and Unit 2 or Unit 3.

You don't have to do all 3 units to achieve the full qualification, selecting the unit will be depend on the nature of the job you do (Current profession) for example: If you work as a practitioner like assess the demonstration of competence in a work environment then you need to do competence level Unit 1 and Unit 2.

On the other hand, if you work within the environment like workshop, classroom or other training environment then you need to do Vocational level unit 1 and unit 3.

During your induction your assessor will brief you on the appropriateoptions (Competence and Vocational level) for you to choose.
